PETITION TO WITHDRAW HOLDING OF ABANDONMENT
NOTICE OF NON-COMPLIANT AMENDMENT NOT RECEIVED

Mail Stop Petition
Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

Applicants hereby petition to withdraw the holding of abandonment in this case, on the basis that the Notice of Non-Compliant Amendment forming the basis of the abandonment was not received. We were notified in a telephone call by Examiner Srirama T. Channavajjala that we had not replied to an outstanding Notice of Non-Compliant Amendment. As explained below, we have no record of the Notice. We accessed Public PAIR to obtain a copy of the Notice and realized that the Notice was issued over ten months earlier. We have not received a copy of a Notice of Abandonment although we anticipate that it will be issued.

Applicants state that a search of the file and the docket records in Merchant & Gould indicates that this Notice of Non-Compliant Amendment was not received.

Attached is a copy of the docket record where the Notice of Non-Compliant Amendment would have been entered had it been received and docketed.

A Declaration of Jodi Gandel-Klein, the Docketing Supervisor, is also attached.

The Declaration by Ms. Gandel-Klein outlines the firm's handling of incoming correspondence, including Patent and Trademark Office Actions. As noted in the Declaration, the correspondence is brought to the firm, date stamped and sorted between Patent and Trademark Office correspondence, other correspondence possibly requiring docketing, and non-docketing correspondence. The Declaration also outlines the firm's procedures for docketing actions from the Patent and Trademark Office. A member of the docketing department collects the correspondence requiring docketing from the mailroom, and delivers the Patent and Trademark Office correspondence to the appropriate docketing personnel. That person then reviews the correspondence and enters the appropriate information in the firm's automated docketing system. The correspondence is then delivered to the responsible attorney for appropriate action.

Ms. Gandel-Klein confirms that there is no evidence in the firm's docketing records to indicate that the Notice of Non-Compliant Amendment in this application was ever received. Ms. Gandel-Klein concludes that, in view of this, she believes that the Notice of Non-Compliant Amendment was never received for docketing.

It is believed that this is sufficient to establish the non-receipt of the Notice of Non-Compliant Amendment. More particularly, if the Notice of Non-Compliant Amendment had been received, it would have been entered into the computerized docket system. However, even if for some reason the information was entered into the docket system under the wrong file number, the Notice of Non-Compliant Amendment still would have been associated with the file for this application since the attorney docket number on the Notice of Non-Compliant Amendment is correct. Therefore, the absence of the Notice of Non-Compliant Amendment from the attorney's file substantiates Ms. Gandel-Klein's conclusion that the Notice of Non-Compliant Amendment was not received. We have also enclosed a docket report showing all replies for the firm docketed six months from the mail date of the non received Notice. As the report shows, there is no item that corresponds to a six-month date for a Notice of Non-Compliant Amendment. This is further proof that the firm never received the Notice. In consideration of these submissions, it is respectfully requested that the holding of abandonment be withdrawn.

Application No. 10/824,068

Please charge the petition fee under 37 C.F.R. § 1.17(h) in the amount of \$130 to Deposit Account Number 13-2725. Please charge any additional fees or credit overpayment to the above deposit account.

Respectfully submitted,

MERCHANT & GOULD P.C.

PATENT TRADEMARK OFFICE

Dear Sir:

I, Jodi Gandel-Klein, declare and state:

1. I am the Docketing Supervisor for Merchant & Gould, the law firm prosecuting the above-referenced patent application. I have been the Docketing Supervisor since November 17, 1997.

2. I am responsible for overseeing all incoming Patent and Trademark Office communications and oversee those responsible for seeing that these communications are properly docketed and entered into our computerized docketing system.

3. Incoming mail received by the firm is sorted into correspondence that may require docketing and correspondence that does not require docketing. The correspondence that may require docketing is further distinguished between correspondence from the Patent and Trademark Office and other correspondence. After the incoming mail has been date stamped to show date of receipt, a member of the firm's docketing department retrieves that mail that may require docketing and brings it to the docketing department. The appropriate personnel then docket the correspondence.

4. If such a Notice of Non-Compliant Amendment had been received, the communication would have been docketed by entering into the computerized docket system the date the Notice of Non-Compliant Amendment was mailed. The computerized docket system would then calculate the due dates for response to the Notice of Non-Compliant Amendment. The first page of the Notice of Non-Compliant Amendment would then be initialed by the person docketing the Notice to indicate that it had been docketed and forwarded to the attorney responsible for the patent application for further action, e.g., reporting to the client, etc.

5. I have reviewed the records in the firm's docket system and find no entry for the Notice of Non-Compliant Amendment for this application, nor any other evidence that would suggest that the Notice was received by the firm.

6. In view of the above, I believe that the Notice of Non-Compliant Amendment for this application was never delivered to the docketing department for docketing.

7. I declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with knowledge that willful, false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18, of the United States Code, and that such willful, false statements may jeopardize the validity of the application or document or any registration resulting therefrom.

Dated: 7-20-07

Jodi Gandel-Klein
